Participants Needed for a Research Study!

Adolescents who have Older Relatives Living with Dementia: Recalling Experiences, Awareness and Supports

Individuals aged 13 years old and above are needed to take part in a one-on-one interview and talk about the experience of having an older relative with dementia or Alzheimer's disease during their adolescence (aged 13-18).

We are looking for individuals who are:

- **Adolescents (aged 13-18) who have an older relative currently living with dementia or Alzheimer's disease**

OR

- **Adults (aged 18+) who had an older relative living with dementia or Alzheimer's disease during their adolescence (aged 13-18)**

Interviews will be 45 minutes to 1 hour long, and **you will receive a $10 Canadian Gift Certificate** as a thank you for participating.

Study Principal Investigator: Kristine Newman, RN, CRN(C) PhD

Please contact Genevieve Armstrong and Angel He Wang at knewmanresearch@ryerson.ca or 1 (416) 979-5000 x 4160 for information or to take part in this study.

Parental consent will be required for participants under 16 years of age.

Please note that the security of e-mail messages is not guaranteed. Messages may be forged, forwarded, kept indefinitely, or seen by others. Do not use e-mail to discuss sensitive information. Do not use e-mail in an emergency since e-mail may be delayed.
